Annex 1 – Action plan template

Produced by each region, the **action plan** is a document providing details on how the lessons learnt from the cooperation will be implemented in order to improve the policy instrument tackled within that region. The minimum information to be provided per action includes the way the action is linked to the project, the nature of the activities to be implemented, their timeframe, the stakeholders involved, the costs and funding sources. If the same policy instrument is addressed by several partners, only one action plan is required. The action plan should also include actions that may have already been initiated in phase 1.
